

# Stay Healthy

Your safety is our #1 concern. Please use the following precautions when using the laundry room to combat COVID-19 & stay in good health.

**For your protection, please follow the recommended policies:**

- **Limit** the number of residents in the laundry room at one time.
- You can be in the laundry room to **load and unload machines only**.
- Please **wait at home** while clothes are in machines.
- Please **fold clothes in the comfort of your own home**.
- Common surfaces are to be used for **clean clothes only**.
- **Don't shake** soiled laundry.
- Always use the **hottest setting** allowed for the laundry you are washing and drying (check clothing care instructions).
- **Dry items completely**.
- Use of bleach as a disinfectant is an option, and not all fabrics are suitable for bleach. **Read and follow clothing label instructions**.
- Wash/disinfect **laundry bags and baskets** often.
- **Wash/sanitize your hands** when arriving and leaving the laundry room.

Thank you for your patience and understanding during this difficult time.
