Available on the **App Store**

GET IT ON **Google Play**

2 Identify your laundry room, scan QR code on machine, or enter Smartphone Registration Code (SRC) posted in laundry room.

3 Register and Sign-in

THE DO'S

- Use machines at your own risk.
- For best results, avoid over soaping.
- Use High Efficiency **he** liquid detergent.
- Place POD in the wash tub.
- Load clothes loosely in the washer.
- Pre-treat stains and make sure they are gone before drying.
- Empty pockets, undo buttons, and unbunch socks.
- Sort clothes- seperate darks from lights and delicate fabrics from more durable garments.
- When in doubt us cold water, especially for dark clothes. Using cold water saves energy and resources too!
- For heavily soiled whites or light colors, warm or hot water may be the best bet.
- Check the clothing label for recommended temperature.
- Leave washer door open after use.
- Clean dryer lint filter after drying.
- Remove clothes promptly so others can use the machine.
- Please keep laundry room clean.

THE DON'TS

- **Do not overload machine.**
- **Do not wash rugs or bath mats.**
- **Do not place POD in the drawer.**
- **Do not use more than one POD per load.**
- **Do not use powder detergent.**
- **Do not use more than 1/8 cup of liquid detergent.**
- **Do not use 3-in-1 laundry sheets.**
- **Do not use scented laundry beads.**
- **Do not wash or dry shoes.**
- **Do not wash or dry comforters.**
- **Do not sit on machine.**

WASHER INSTRUCTIONS

1) Load clothes loosely.
   • Do NOT overload.
2) Add detergent.
   • Do NOT use more than 1/8 cup of liquid detergent.
   • If using detergent pod, place directly in drum before loading laundry. Do NOT insert pod into dispenser drawer.
   • Frontload washer – use dispenser drawer and close drawer before starting washer.
   • Topload washer – put detergent directly in drum before loading laundry.
   • Use High Efficiency (he) detergent only.
   • Do NOT use powdered detergent, 3-in-1 laundry sheets, or scented laundry beads.
3) Close door. Select desired water temperature, wash cycle, and soil level.
4) Press Start.
5) Leave washer door open after cycle completes.

DRYER INSTRUCTIONS

1) Load clothes and close door.
   • Do NOT overload.
2) Select desired heat cycle.
3) Press Start.
4) You can add additional dry time during an active cycle.
5) Clean lint screen after each cycle.
